

VIT VIT C+E

Ultra whitening cream
SPF 15 PA+++

Description / Use:

Ultra whitening cream with the latest generation of active ingredients. Whitens, maintains an even skin tone and deeply hydrates whilst also reducing cutaneous photo-aging. Provides UVB/UVA solar radiation protection, preventing the appearance of new dark spots and uneven skin tone.

Appearance: A slightly orange cream with a light texture and pleasant mandarin scent.

Main active ingredients:

Pure stable vitamin C (3-O-ethyl ascorbic acid), Gluconolactone, Boerhavia Diffusa Root Extract, Kojic Dipalmitate, mixture of alfa hydroxy acids, UV filters.

Secondary active ingredients:

Ácido hialurónico, sodium PCA, tocopherol, extracto de arroz, manteca de karité*, moringa oil, aceite de jojoba.

Dermatological testing:

VIT VIT C + E Ultra whitening cream SPF15 PA+++ has undergone dermatological testing to check its tolerance. The study was carried out on 30 people between 22 and 63 years old. None of the participants showed any allergic reactions, thereby showing the product to be safe. *

**This statement cannot be applied to people who may be allergic to one of the ingredients in the formulation.*

Measuring the level of skin depigmentation

A quantitative evaluation of the skin's pigmentation was carried out through a comparison before/after the application of the cream over a 4 week period using the Miravex Antera 3D system.

After applying VIT VIT C + E Ultra whitening cream FPS15 PA+++ for 4 weeks, daily use of the cream was shown to lighten skin by **9%**, improving the tone of the face and neck. It also contributes to visibly reducing hyper pigmentation of the skin, making it appear younger and more relaxed.

Ingredients:

Aqua (Water), Cyclopentasiloxane, Cetearyl alcohol, Glycerin, Glyceryl Stearate SE, Octocrylene, 3-O-Ethyl Ascorbic Acid, Gluconolactone, Butyrospermum Parkii (Shea) Butter*, Dimethicone, Sodium Citrate, Ceteth-20, Benzophenone-3 (Oxybenzone), Ethylhexyl Methoxycinnamate (Octinoxate), Butyl methoxydibenzoylmethane (Avobenzone), Dimethiconol, Kojic Dipalmitate, Sodium PCA, Caprylic/Capric Triglyceride, Tocopherol, Boerhavia Diffusa Root Extract, Glycolic Acid, Lactic Acid, Malic Acid, Tartaric Acid, Citric Acid, Moringa Oleifera Seed Oil, Simmondsia Chinensis (Jojoba) Seed Oil, Ascorbyl Palmitate, Sodium Hyaluronate, Oryza Sativa (Rice) Extract, Trideceth-6, Behenyl alcohol, Propanediol, Tetrasodium EDTA, Sodium Hydroxide, Sodium gluconate, C30-45 Alkyl Cetearyl Dimethicone Crosspolymer, Hydrogenated Vegetable Oil, Sodium Polyacrylate, Hydrogenated Polydecene, BHT, Limonene, Citral, Hydroxycitronellal, Linalool, Phenoxyethanol, Benzoic acid, Dehydroacetic acid, Sodium Benzoate, Potassium Sorbate, Parfum (Fragrance), Aroma (Flavor), CI 77891 (Titanium Dioxide), CI 16255 (Red 7), CI 47005 (Yellow 10).

Evaluation of product's action on 29 women with various skin types, 1 daily application for 30 days. Average values.

Reduced colouration after 4 weeks use. Instrumental measurements taken in the study of 29 women, 1 daily application. Maximum values.
